MANIAC IN LOVE – BYENTL FT. TARIF

September 30th 2011, BYentl's first duet ft. Tarif gets on the market.

Again the **"Future Presidents"** who features already with big International names like Beyonce, did the production of this song.

BYentl who caused a furore with her soul albums Memories, Payday and her latest album Persistence is one of the finest live acts in the Netherlands. BYentl made as many as ten top 40 positions in the Dutch Charts. "Maniac in Love" is a Up tempo POP/SOUL song.

BYentl suddenly accelerated out of nowhere. She received 3 golden records, 1 platinum record and a double platinum record. BYentl scored 10 top 10 Hits on iTunes (including 3 times number 1) and earned ten Top 40 hits (six of which belonged to the top 10). The debut single by BYentl (No One But You) is on position two of the top 1000 all time in the Netherlands and had even a record in the "Guinness Book of World Records".

Maniac in Love is ft. Tarif Heljanan, BYentl's soul mate over the past Years. He also features in the live performing's of BYentl. Tarif has a wide experience in the music industry. He did the backings among others, for Ruth Jacott, Gordon and is a frequent guest as vocalist on big concerts and gospel sensations. The chemistry between BYentl and Tarif is felt in Maniac in Love.

Record label Marista Records. Published by Presidential suite and Universal music publishing.
